Elizabeth Moore Is Crowned May Queen On Saturday Before Large Festival Crowd

COLD Weather Mars Three Day Event

In spite of rather dubious weather, festivities in celebration of May Day went off with a bang! The tremendously active three-day program was planned and effectively carried out by the work of the May Day Festival Committee, headed by Lelia Anne Munce.

The events began Friday noon with a rollicking Gymkhana Committee. A grand prize of a silver cup was awarded by the Women's Athletic Association to the man and woman entrant with the highest score.

The cups were won by Elizabeth Jane Cook, who placed first in the Barrel and Glass of Water Races for women and accumulated a total score of eleven points and by Bill Gilmore, who took first place in the men's Barrel and Sack Races and had thirteen points to his credit. Other first place winners were Dick Searles, who won the Glass of Water Race and Going to Jerusalem and Joyce Mathes, who took first place in the latter event for the women contestants. The day ended with an informal dance in the gym that night.

The highlight and most spectacular event of the May Day Festival was the crowning of the May Queen whose identity was not disclosed until the coronation ceremony Saturday noon. The honor was bestowed on lovely Betty Moore, who, regal in a white satin hoop-skirted gown and surrounded by her court of attendants who were in colorful eighteenth century garb, was crowned with a wreath of flowers on the steps of the Wren Building by Shirley Daiger, William and Mary May Queen of 1939.

After supper Saturday was the song contest in Phi Beta Kappa Hall. The Theta Deltas captured first place and won the prize a plaque, which was presented to Larry Pettit at the formal dance that night. Chi Omega won second and third place went to Alpha Chi Omega.

The final event, a Vesper Service in the Chapel at 5:30 Sunday evening, conducted by Carl Muecke, brought the celebration to a close.

The members of the May Day Festival Committee who cooperated to make the various affairs a success were: Roger Nowak, and Henry Kibel, who worked on decorations; Frank Kohrs, who took care of lighting; Jacqueline Fowles, who directed the dances for the Coronation Ceremony; Peg Stigall, who supervised and taught the Pavane for the figure at the Saturday night dance and others.

BETTY MOORE

Lodge Asks For Student Co-operation

The Williamsburg Lodge has asked us to cooperate in helping them to obey the State law which forbids those under 21 years of age to buy beer, or other alcoholic beverages. In making this request, the Lodge does not wish to create the impression that they are criticizing the students in any way. The management of the Lodge has no objection to selling beer to students over 21, but they do not feel that they should jeopardize their reputation by selling beer to minors.

The Lodge has been very courteous in accepting the Students' assurances that they are of legal age to buy beer, and for this reason we should show our appreciation by giving them our fullest cooperation. Those of us who have been in William and Mary for more than a year realize how fortunate we are to have a place like the Lodge to go to. Last year girls, too, were allowed to drink beer at the Lodge but the students took advantage of the situation and this privilege had to be revoked.

The Flat Hat suggests that we carry the principle of the Honor System over into our relations with the Lodge and other inns and restaurants in town. If we all cooperate and do not demand beer if we are under the age limit required by law, we are sure that the Lodge will consider this an expression of our appreciation.

WHAT'S UP COLUMN!

An error has been made in assigning the writing of the What's Up column to Carl Muecke this week. The column was written by Bernard Ransome who is acting as guest columnist. The views expressed in the column are Mr. Ransome's and do not in any way represent the viewpoint of Mr. Muecke.

College Students Pick Favorite Dance Bands

Professor Foltin Receives Summer Appointment To St. Lawrence U.

Dr. M. J. Foltin, of the Department of Jurisprudence at the College of William and Mary, will be on the 1940 summer school faculty of St. Lawrence University, Canton, New York. He will be associated with the sociology department and will lecture on criminology and penology. The summer session will open July 1 and close August 9.

Among the programs liked best by college students today, are Fred Waring's "Chesterfield Pleasure Time" and Glenn Miller's "Moonlight Serenade." Each offers specialities to please the college generation.

Fred Waring's idea of writing new school songs to order was in response to petitions signed by thousands of students from nearly every American college for an original Waring song. One song each week is dedicated over the air on "Pleasure Time" broadcast—selected as the best quarter hour on the air by the radio editors of the United States and Canada.

(Continued on Page Two)

Last Meeting Of Assembly Held On Tues.

Charles Gondak, President of the Student Body, recently requested that students who have any suggestions to be presented before the Assembly and Senate, please give them to any member of either body. In the hope that the students will take an increasing interest in their new government, we print below the names of the student representatives.

ASSEMBLY — Seniors. — Alphonse Chestnut, John Preston Harper, Henry Whitehouse, Lillian Douglas, Kathryn Hoover, Ellen Lindsay.

Juniors. — Hunter Andrews, James Creekman, Anthony Stallman, Carolyn Cook, Jane Alden, Tabb Taylor.

Sophomores. — Owen Lee Bradford, Charles Butler, Guy Moates, Ann Armitage, Helen Black, Kitty Jones.

SENATE. — Ruth Rapp, Robert Robbins, Carter Holbrook, June Lucas, Edna Klinge, Sterling Strange, Saunders Almond, Clary Grayson.

Miss Jane Alden was elected Secretary of the Student Body Association for the coming year.

The Freshman Tribunal for next year will be comprised of the Sophomore members of the Assembly and the President of the Sophomore class.

Tuesday, May 7, the last meeting of the Student Body Association will be held in Marshall-Wythe 208.

Ransome Is Elected Pres. Of Debaters

Last Wednesday night at a called meeting in Philomathean Hall, the Men's Debate Council held an election of officers for the forthcoming year. Bernard Ransome, a junior from Roanoke, Virginia, was elected president, succeeding the present incumbent Steadman Eure.

Since transferring from Roanoke College as a Sophomore, Mr. Ransome has been active in debating and in the Men's Council. He has been a member of the Varsity Debating Teams for the past two years and this year has served as Publicity Manager for the council. Succeeding him in the latter is Robert Warner, one of the members of this year's Freshman Debate Team. Dick Searles also a member of the team, was elected Vice president to succeed Robert Tepper who took the position of Debate manager. Completing the cabinet for the coming year is Gus Winder who succeeds Walter Measday as Secretary. James Watkins is the retiring debate manager.

Wednesday's meeting marked the close of a very successful year for the council. Under the auspices of the Council over twenty three debates have been held with representatives of other colleges and Universities. In addition to thirteen home debates, three teams from the college journeyed South to

(Continued on Page Two)

BACKDROP CLUB

There will be an important meeting of the Backdrop Club on Wednesday afternoon in Phi Beta Kappa Hall at 3:00. Accounts of the Varsity Show will be reckoned with and nominations for next year's officers will be considered.

All members interested in ordering keys should make their reservations at this time.

The Flat Hat will hold its annual elections on Wednesday evening in the third floor office in Marshall-Wythe at 7:00. Members of the editorial, business, and circulation staffs should be present to nominate and vote for next year's editor, business manager, and circulation manager.

History of Dance Finals Is Reviewed

Glenn Miller and his band that has attained nationwide fame for its smooth arrangements and sizzling rhythm, is scheduled to delight students, faculty, and Alumni on May 31 and June 1, when it plays for the June Finals in the Sunken Garden.

Glenn Miller is the second big "name" band to ever play at William and Mary and he is expected to draw an unprecedented crowd. Prior to the enthusiastic reception given Hal Kemp's orchestra in 1938 and 1939, students had not begun to clamor for the more famous bands and the facilities for presenting them were not yet developed.

In contrast to the present arrangement for the June Dances, in 1934 Finals were held for three nights, usually on Friday, Saturday and Monday nights. The Cotillion Club, which no longer functions, made all arrangements which are now in the hands of the President's aides and the Committee on Special events.

The June Ball has only been held in the Sunken Garden for the past four years. Before that time, small crowds danced in the Jefferson gymnasium, then the Dining Hall and finally in Blow Gymnasium. It was in 1936 that the idea of having a huge dance floor constructed in the Sunken Garden was first developed.

It is almost impossible for the new students to imagine the extent of preparations for the final dances. Soon, the workmen will erect fences completing a circle from Washington Hall to Rodgers, to the Library and finally back to Washington Hall. Between the Garden and the Wren Building will be constructed a Japanese Garden and refreshments will be served.

A twelve foot urn containing magnolias will be placed in the middle of the dance floor and during the dances colored lights will be played on the whole scene.

The extensive preparations made by those in charge of the June dances have left nothing to chance except for the weather. In case of much of a downpour, Phi Beta Kappa Hall will be kept in readiness to receive the dancers.

Hawthorne's Life and Work Over Radio

The radio program for next Tuesday, May 14, commemorates the life and work of Nathaniel Hawthorne. The program opens with Garry Paskus, the announcer, who gives a sketch of Hawthorne's life and works. Then as illustrations of the latter, the members of the class in radio are to present dramatized versions of two of his better known stories.

The first tale is that of Mr. Bullfrog. Taking the title role in this production is Arthur Cosgrove. Marva Blair takes the part of Mrs. Bullfrog. Also featured in the production are Tony Manzi and T. Forsyth. This story was dramatized especially for the class in radio by Ethel Teal.

(Continued on Page Two)

George Gallup To Speak In Marshall-Wythe Seminar On Thursday Afternoon at 4:30

Dr. Bowman To Lead Liberal Open Forum

Leroy E. Bowman, Ph. D., will lead an open forum in the Dodge Room of Phi Beta Kappa Hall Sunday, May 12 at 8:00 P. M. The Y.W.C.A. is sponsoring Dr. Bowman, who is interested in inaugurating a more progressive program in activities and thought on the campus.

Dr. Bowman has been successful because of his unusual ability as a discussion leader of forum groups. He received his A. B. degree at the University of Chicago and his Ph. D. at Columbia University, where he taught for fourteen years.

Dr. Bowman has been prominent not only as an educator and lecturer, but as a leader of civic and community activities. For several years Dr. Bowman has been Director and Leader of Forum and Demonstration Projects in connection with the United States Department of Education, and has inaugurated discussion groups in the United Parents Association, Farmers' Discussion Project of the Department of Agriculture, National Headquarters of the Y. W. C. A., and several large universities.

The Y. W. C. A. believes that the students will enjoy hearing Dr. Bowman, not only because he is an exceptionally forceful and persuasive speaker, but also because there is an interest in progressive thought and activity on this campus.

Chapel Vesp'r Services End May Festival

Following a well received program on Saturday, the May Day Festival was closed on Sunday, May 5, by a Vesper Service presented in the Chapel at 5:15 by the College Chapel Choir. The Choir was conducted by Mr. Allan Sly, and the program consisted of anthems and a chorale sung by the choir, and a duet presented by Maxine Hines and Virginia Buchser.

The program opened with the singing of "Holy, Holy, Holy". This was followed by an anthem, "Lead Me Lord, in Thy Righteousness". Next Bortiansky's "Angel Voices Ever Singing", Purcell's "Glory and Worship Are before Him", and "O Sing unto the Lord", were rendered by the Choir. Following this, "Lord, for Thy Tender Mercies' Sake" by Farrant, and "The Sorrows of my Heart Are Enlarged" by Boyce were presented. The latter was ably sung by Maxine Hines and Virginia Buchser.

A Bach Chorale, "Now All the Woods Are Sleeping", came next, and a Beethoven Chorus, "The Heavens Are Telling", was the last number by the Choir. The program closed with a prayer and the singing of a hymn by everyone present.

During the course of the service Psalms were read by Carl Meucke. The Choir was accompanied by Maxine Hines and Mr. Allen Sly.

Coward's "Hay Fever" Has Two Fine Performances

Ogden Tops In Debut

By Shirley Petroff

Acting hit a new high at Phi Beta Wednesday and Thursday nights of May 1 and 2, when a splendid performance under the clever supervision of Miss Althea Hunt was portrayed in the play "Hay Fever."

The Stage Craft department scores once again for their achievement of the perfect blending of lighting and designing. Thanks should be duly given to Mr. Ross for his designing, Miss Margo Frankel for her costuming ability, and Mr. Haber and his workers for their execution of the set. The Cantilever balcony which was used for the first time on a William and Mary stage was very effective in carrying out the idea of a "modern home" scene.

Dominating the scene from the moment she entered—the star who stole the show, Dot Ogden. The audience was carried away by Dot's "who cares" attitude and she received much applause after each scene. We hope to see more of this newly-discovered personality who handled her first big role beautifully.

Another actor who deserves honorable mention is Jimmy Buchholz, who as "Sandy" was excellent in voice inflection and timing. David Quinlan, who is usually very good was not exactly "up to par", which may be due to his having such a small part. Bigger and better roles for David! Susan Shafer and Bill Land were exceptionally good as the daughter and son of artistically inclined parents. Good acting

Arthur Keeney Is New President of Clayton-Grimes In Last Meeting

At a regular meeting of the Clayton-Grimes Biological Club last Wednesday, officers for the forthcoming year were elected. They are as follows:

President, Arthur Keeney; Vice President, Betsy Wakeman; Secretary, Becky Old; Ass't Sec., Stu Hurley; Treasurer, Emma Bourquin; Ass't Treas., David Davis.

Freshman representatives to the executive board:

Virginia Ramsey and Paul Couch.

Stuart Hurley, a freshman member of the club, delivered a research paper entitled, "Early Development in the Frog." He pointed out the similarity in the systems of the frog and of man and showed that by studying the lowly frog, we have learned much about the anatomy of man.

Members chose Becky Old as their official representative to the Virginia Academy of Science which held its annual meeting on the third at Lexington, Virginia. The last meeting of the Club will be held in Washington 100 Wednesday, May 15.

ability was also displayed by Virginia Brenn, Natalie Smith, Noel Lambert, and William Parry.

This comedy, although it dragged at times was on the whole very successful, and now that the William and Mary plays have come to an end, we look forward to next year with eager enthusiasm.

"Sampling Public Opinion" Topic of Poll Caster

For its final meeting of the 1940 session, the Marshall-Wythe Seminar will present Dr. George Gallup, Director of the American Institute of Public Opinion. He will speak on Thursday, May 9, on the topic, "Measuring Public Opinion Trends in 1940". The panel for the meeting will be composed of Ann Cross, Frances Duryea, Ruth Stamming, Clifton Kneps, Jr., Charles Quittmeyer, and Robert Landsburgh. Dr. Frederick Buntel will preside as chairman.

Dr. Gallup's background promises that he shall prove as entertaining as well as informative speaker. He studied as an undergraduate student at the University of Iowa and later taught journalism at Drake, Iowa, Northwestern, and Columbia Universities. In 1932, he became research director for the advertising agency, Young and Rubicam of New York City, and before the year had passed, trade publications had characterized him as the "most discussed man in the advertising world."

Gallup became nationally famous when, in 1936, he foretold a 53 percent Roosevelt victory and the Literary Digest at the same time predicted a 54 percent victory for Landon. On the strength of that successful use of the straw-polling method, his technique vaulted onto the front pages and has remained their since. Eighty newspapers subscribe to the Gallup surveys.

Among those present at the meeting will be Dean Raymond Pinchbeck, Dean of the University of Richmond, Dr. George Modlin, head of the department of economics at that school, and Dr. George Starnes, Labor Economist of the University of Virginia. The public is invited to attend.

The presentation of Dr. Gallup marks the close of the seminar for this year. During the session, some six speakers have appeared, including Madame Frances Perkins, Secretary of the Department of Labor. The plans for the session during 1941 are tentative yet, but it is expected that William Green, President of the American Federation of Labor, and John Weinant, Director of the International Labor Office at Geneva, will appear.

Faculty Concerts Close With Douse and Dawson-Dienne Sunday P.M. Recital

A series of concerts by members of the music faculty of the College of William and Mary closed Sunday afternoon, April 21, at 4 o'clock with the enjoyable Sonata Recital by Ramon Douse, violinist, and Yvonne Dawson-Dienne, pianist. The program consisted of three sonatas for piano and violin of three movements each—namely, Beethoven's Sonata in D major, Op. 12, No. 1; Grieg's Sonata for Violin and Piano; and Lekeu's Sonata in G major.

The audience was charmed by the ease and fluency with which the musicians performed. The accomplishments of both Madame Dienne and Mr. Douse, along with those of Mr. Allan Sly, pianist, and Mr. Wilson Angel, singer, who gave recitals earlier in the year, are truly a credit to our music faculty.

Ransone Is Elected . . .

and north to New York City, debating eleven teams in route. Among our forensic opponents this year have been such well-known colleges as: Washington and Lee, Princeton, Duke, M. I. T., The University of Virginia, N. Y. U., Hampden Sydney, and Columbia. Out of the twenty-three debates only six have been decision debates. Of these William and Mary won four and lost two, giving them a rather good record as college debating goes.

The main topic for debate for

this year has been the question of whether or not isolation is the best foreign policy for the United States to adopt at the present time. The Council plans to climax the year's work with a purely non forensic steak fry to be held sometime in the next few weeks.

Hawthorne's Life . . .

(Continued from Page One)
Featured in the second half of the broadcast is Carlton Laing's version of that well known story The Great Stone Face. In this skit, Mr. Laing takes the role of the man who sought one who resembled the Great Stone Face. Ap-

pearing also in the production are: Stanley Ebb, James Buholtz, Nancy Trice and Fred Stone. The program, as usual directed by Miss Althea Hunt, will be broadcast from 3:30-4:00 over WRNL, Richmond.

Students Pick Bands . . .

(Continued from Page One)

The Miller program, voted America's foremost dance band has an average age under 25 years—including Glenn Miller and Larry Bruff, its announcer. Miller's popularity with swing devotees everywhere is shown by the fact that he is probably America's busiest band leader today. He has just one day open in the next six months, and that day a Sunday.

The Fred Waring "Pleasure Time" broadcast comes over NBC stations 5 nights weekly, from Monday through Friday, and Glenn Miller is heard over CBS on Tuesday, Wednesday and Thursday evenings.

majesty of Great Britain and successfully challenged the power of France, both of whom were apparently too unwieldy or too fearful to oppose him.

"BLITZKREIG"

In the face of these exploits by which Austria, the Sudetenland, Czechoslovakia, Poland, and now Denmark and most of Norway have been added to the Third Reich, we cannot but admit the effectiveness of his method. If, as Hitler and many like him have contended, the end justifies the means, then we must say that he has been successful. Time and time again, in the face of those powerful entities France and Britain, he has done what technical experts, both military and economic, have said could not be done. The recent blitzkrieg in Norway is a concrete example of the surprising success that has attended these moves.

WORLD BEATER

In view of his past victories and in view of his favorable position vis-a-vis the Allies and neutrals at the present time, we must conclude, if we make an unbiased examination of the facts, that Adolph Hitler up to May 5, 1940 has been one of the most successful national leaders of our time.

CINDERMEN BOW TO SPIDERS 75-51 IN CLOSING MEET

THIS WEEK

By DICK KAUFMAN

On Thursday a baseball team which seemed hopelessly beaten made a valiant attempt to come back and, when it looked as if they had succeeded in their seemingly hopeless task they suddenly fell apart and allowed three runs to cross the plate and snatch victory right out from under them. The fact that they did lose out in the end seems unimportant now. What is important is that the boys showed that they had the stuff in them that is needed in the tight spots. They scored 8 runs in that 7th inning and took the lead. At that time a coach would have taken out his tiring pitcher, off of whom the opposition had been scoring steadily all afternoon and put a fresh man in.

When the same pitcher took the mound we were surprised. Glancing over to the bench we saw the season why. There wasn't another pitcher in uniform out on the field! As a matter of fact there were only two men sitting on the bench, aside from the coaches and managers. There was the same old story all over again. A weak pitching staff due to lack of material. The same trouble that has been haunting the track team, the tennis team, the golf team and several other of the school teams. So we sat back and gloomily watched a team that had showed it had a fighting heart, lose another one.

TRIP NORTH STARTS

This same team took to the road on Friday for a trip that will carry them as far north as the Green Mountains of New Hampshire. They'll meet some pretty tough competition on that trip and it's going to take a lot more than just plain fight to win any of those games. Glancing down the list of teams yet to be played on the trip we find Amherst, noted for their good ball clubs; Yale, a school good in all sports; University of Norwich, an average ball team with a better than average record and Vermont who split with the Indians in a two game series earlier in the season.

It is hoped that the changing weather conditions will do something to the pitching staff. They have all shown a little spark of life, and the team behind them have proven that they can play ball. Now, if they can only get together, something might develop.

TRACK TEAM PREPARING

Turning from baseball to track we find the team getting ready for the State Meet and the Southern Conference Meet. On Saturday, May 11, they travel to Richmond for the first of these events. At Richmond they will meet Washington and Lee, V. M. I., Virginia, Richmond, and V. P. I. The boys have met and lost to all these teams except V. P. I. and so things would seem a bit dark. However we can expect to do well in the pole vault, with Captain Rawl doing the jumping, in the sprints with Harlie Masters showing his heels to the other schools and in the half mile with Caldwell Cason doing the running.

As for the team winner it looks as if it will be a fight between Virginia and Richmond. Richmond has gone through an undefeated duel season and has plenty to show, especially in the field events. Virginia has a good all around team and are extremely strong in the hurdle events.

CONFERENCE MEET APPROACHING

Out in the stadium signs of the approaching Southern Conference meet can be seen. Row upon row of freshly painted hurdles are out drying off in the sun. Everyday a crew of men are out working on the track, scraping it, rolling it, and doing their best to have it in perfect shape for the 17th and 18th of May when the track teams of fourteen Southern Conference schools descend upon the campus for the meet. Of these schools Maryland seems to be the favorite for the title. The Terps recently took Virginia, one of the strongest teams in the state, and were the only team to take more than one event in the Penn Relays this year—winning three. North Carolina and Duke are expected to give Maryland the most trouble and their chances of winning are almost as strong as the Terps. William and Mary's lone shining spot is in the pole vault where Bob Rawl is expected to place up near the top.

THOSE DODGERS AGAIN

The Editor of this page just walked in the door and it looks as if our fight is going to start all over again. He claims that the Washington Senators have practically won the American League pennant. I think that they haven't got a chance and when I tell him that and add to it the recognized fact that the Brooklyn Dodgers are a cinch to take the National League race he becomes almost violent. Here he is, and here we go again.

Indian Nine On Way North To Meet Several Strong Teams Before Return

With seven games remaining to be played the W. and M. baseball team accompanied by Coach Rube McCray and Manager Herb Kelly, is on its final swing away from home, playing four New England colleges on their opponents diamonds.

Yesterday the Indians met a Navy team, at Annapolis which has won but two games all season, and today met stiff opposition from Yale University at New Haven, Conn. Tomorrow they will play Amherst and Thursday will journey to Norwich to face the strong

U. of Norwich Bears. Friday and Saturday the Tribesmen are scheduled to play a return two game series with the University of Vermont. The Braves and Vermont split even when they met in a two game series earlier in the season at Williamsburg.

To Meet V. M. I. Here

On May 15 the Indians will return home to take on an up and down V. M. I. Squad in their field game of the current season.

In Southern Conference competition the Indians show a record of four wins against five

Two Records Fall As Sigma Rho Takes Frat Meet

S.A.E. Second, Sigma Pi Third In Annual Inter-Fraternity Track Meet

Two records were broken and one tied as Sigma Rho turned in their second team victory of the week by walking off with the intrafraternity track meet held last Saturday. The Sigma Rho boys placed a man first in five of the eight events and one second in each of the other three in totaling up to 56 1-2 points.

S. A. E. Second

With less than half as many points as the leader, 25, S. A. E.

(Continued on Page Five)

S.A.E. Takes Inter-Fraternity Golf; Sigma Rho 2nd

Grabbing first and third places Sigma Alpha Epsilon walked off with the intramural golf tournament held on Sunday. Sigma Rho, with a large representation in the entries ended up in the second spot with Pi Kappa Alpha in third. Kappa Alpha and Theta Delta Chi were the only other fraternities entered and they finished up in the order mentioned.

Borum First

Individual honors went to Jim Borum, S. A. E., who turned in the low score for the day. Second place went to Hal Tower, Pi K. A. who ended up with a couple of strokes more than the leader. Rudy Tucker, S. A. E. wound up in third position.

Competition was in driving distance, approaching a green from 100, 60 and 30 yards, and in putting. All the boys entered showed a fairly good ability to handle golf clubs and the competition was close throughout the whole tournament.

Golf was the last intramural tournament scheduled for this year, and with the completion of the horseshoe and badminton tournaments now going on the program for the year will be finished.

losses. In state play they have won three games while losing seven and tying one, while in the Big Six their record is one win as against six losses.

Papoose Cinder Team Romps to Easy Victory Over Baby Spiders, 86-30

Frosh Team Takes Sixth Straight Win

Down Thomas Jefferson Twice, Baby Spiders Once During Week

Behind the two hit pitching of Jimmy Pope, the William and Mary freshman baseball team battled out a 6 to 0 shut out over Thomas Jefferson High School, of Richmond for their sixth consecutive win and their second in as many days over the Jeffs, here, Saturday.

Pope allowed Carter to single in the second and Ralston's triple in the eighth while fanning eleven visitors and giving up but two walks.

Ward Bats In Two

Two of the undefeated Papoose runs were unearned which Roy Ward, Johnny Korcyowski, and Lane Phillips drove in the other four tallies, Ward being credited with two. Phillips hit a double with Ward and Korcyowski each tripling to lead the freshmen on.

(Continued on Page Five)

Basketball Team May Journey West Next Winter

The statement of last week concerning the alleged basketball trip into the Middle West at Christmas is hereby reported to be somewhat distorted. The true facts of the case are that this is so far mere conjecture and not fact. However, the probability of this trip is fairly good.

Coach Stenussey pointed out that it was a very hard job to arrange a schedule and that there would not be any final word on the matter until a much later date. He did say that he was working on the trip and would naturally try to work it in.

He also pointed out that the statement would give wrong ideas to the men on the team who would count on the trip. They would be highly indignant if it was to turn out that no trip could be arranged.

So, it was with this in mind that this article appears this week. Mr. Stenussey wanted that one big correction made—that the trip was merely tentative and that there was nothing definite about the whole thing at this time.

Faculty Tennis Team Wins Opener Against Hermitage

William and Mary's faculty tennis team won its opening match of the season with a 6 to 3 victory over the Hermitage Country Club netmen on the latter's courts, Saturday.

The faculty won five out of six singles matches and one of the three doubles matches, when Don Micklejohn teamed with Sharvey Umbeck to rout Jones and Woods of Hermitage, 6-3, 6-2.

The summary: Singles Umbeck (W&M) defeated Jones 4-6, 8-6, 6-0. Micklejohn, (W & M) defeated (Continued on Page Five)

End Dual Season Un-Defeated; Set for State And Conference Meets

The Papoose track team ended a perfect duel meet season Saturday by swamping the Richmond Baby Spiders 86 to 30. The victory gave the frosh an undefeated season and showed promise for the Indian track team in years to come.

The Indians excelled in all events, winning everything but javelin. The high score run up by the freshmen was greatly aided by Helslander and Crawford who scored 14 points apiece to lead the meet scorers. Best performance of the meet was probably turned in by Crawford who reached 12 feet 6 inches in the pole vault.

State and Southern Conference In the two meets in which they still have to compete, the State Meet and the Southern Conference, the frosh will be strong contestants for the championship. They have met and defeated most of the other frosh teams in the state and unless something unusual comes up they are almost a sure bet for that meet. Nothing much can be said about their chance in the Southern Conference meet except that there is no reason why they shouldn't end up right near the top if not right on top.

(Continued on Page Five)

Sigma Rho In Front As Year Nears End

Phi Tau Second, Phi Alpha Third With Two Sports To Go

With a long string of victories behind them Sigma Rho is slowly completing a climb which has taken them from a spot low down in the intramural program way up to first place. With the results of golf, horseshoes, and badminton not in as yet the Sigma Rho Boys have a total of 601 points.

Phi Taus Hold Second

Phi Kappa Tau, with 719 points have a pretty solid hold on second place. Chances of closing the 142 point difference between themselves and the leaders are just about impossible and the Phi Taus will probably end the year where they are now.

Phi Alpha Third

In third position, with a total of 668 points is Phi Alpha. Here as in the Phi Tau case, 51 points behind the team ahead, and 67 points ahead of the team behind, Lambda Chi Alpha, the Phi Alphans seem to be in third place

(Continued on page six)

(Continued on Page Five)

Nine Shutout 8-0 by Maryland Club

Maryland's southpaw Earl Springer held the William and Mary ball team to a single hit as his teammates blasted out ten safeties for a total of eleven runs in shutting out the Indians in a Southern Conference league game at College Park, Maryland, Saturday.

Springer fanned eleven and walked but two while Roy Merritt and Jimmy Howard were the victims of the Terp scoring. Howard was credited with the loss, his first of the year. He has yet to win one.

Tom Andrews, stocky Indian second baseman, prevented Springer from entering baseball's hall of no hit fame when he singled in the fourth. From that time on the Terp flinger experienced little difficulty in hand-cuffing the visiting Tribe.

INDIANS MAKE 7 ERRORS

William and Mary continued to play spotty defensive ball, committing seven errors. Howard fanned three and Merritt one, while neither gave up any walks.

Hugh Keller, brother of the New York Yankees World Series star, "Killer" Keller, who is batting in the clean up spot for the World's Champions this year, led the Maryland slugging with two hits in four official trips to the plate, including a homer in the third.

On Thursday, despite an eight run Indian uprising in the seventh inning, the University of Virginia's baseball team batted out a 13 to 11 victory for their second straight win over William and Mary.

The Indians batted curve ball artist Walter Smith from the mound in the big seventh inning after solving his delivery for fifteen hits during his sixth and one third inning stay. Bill Nichols and Willey succeeded Smith in that order, but the burly starter received credit for the victory.

Tribe Outfits Cavaliers

The Indians outfit opponents twenty to ten, as Jack Purtil went the route for Coach Rube McCray's men. Seven William and Mary errors produced the two run margin of victory for the Cavaliers.

Clyde Haley led the Tribe hitters with four safeties, while Jimmy Leftwich, Tom Andrews, and Steve Dennis were credited with three for five. Catcher Ben Simpson and first sacker Dick Sills banged out two hits apiece. Jimmy Howard and Dennis poled home runs in the Indians cause.

Division Takes Tennis Team 5-4 In Close Match

William and Mary's tennis team suffered its tenth consecutive loss at the hands of this college's Norfolk Division, 5 matches to 4 in a scheduled meeting between the two squads here Tuesday.

It was the first match this season that the Indians were not shut out, and also the first match that they were able to win as many sets as they did.

Win Two Singles

In singles play Foster lost his match in two sets; Charlie Quittmeyer won in the number two spot in two sets. Bob Lansburgh lost in the singles division, Ramsome and Harry Gebauer each losing their matches in three sets.

In doubles competition Hazen

(Continued on Page Five)

Indians Drop Before Strong Spider Squad

Masters and Callahan Only Double Winners In The Meet

The William and Mary varsity cindermen dropped their last duel meet of the year to an undefeated Spider team, 75-51. The meet marked the end of the duel season for the Chandlermen and left them with a record of two wins and four losses to show for their efforts during the past few weeks.

Weak In Field Events

The Indian weakness lay in the field events. Captain Rawl, with a tie for first in the pole vault was the only member of the team who came near a first place in these events. On the other hand the boys won every running event except the mile and two mile.

Indians Double Winners

Harlie Masters, ace sprint man, and Grif Callahan, varsity hurdlers, were the only double winners of the day in the varsity meet. Harlie came through to win the 100 and 220 for the Indians, and his team mate won both hurdle events.

Track Slow

A cold day and a wet track held all times down but several fairly good performance were turned in by the Indians. Caldwell Cason ran a good 2:4.4 for the half and should be able to bring that down some on a decent day, running on a good track. Bob Rawl in pole vaulting 12 feet, showed that he could do better under more favorable conditions and is priming for the State and Southern Conference meets to come.

The cindermen have two more meets before the end of the season.

This coming Saturday they will journey back to Richmond for the State meet. The Indians have met and lost to most of the entrants in this meet and so not too much can be expected. The following week will see the Southern Conference Meet here in Williamsburg. Again, aside from

(Continued on page five)

Softball Title Goes To Sigma Rho; K. A. 2nd

Sigma Rho Remains Un-Defeated After Title Game With K. A.'s

An 18-11 victory last week over Kappa Alpha gave Sigma Rho the intrafraternity softball championship. Both teams went into the contest with seven wins and no losses to their credit, and the game was played with the title at stake.

Hard Hitting

The game was featured by long hard hitting of both teams. The outfielders on both sides worked as they never had worked before, chasing drives which seemed as if they would never come down. When the last drive had been chased and brought to earth by a very tired outfielder, Sigma Rho found itself in sole possession of first place and the softball trophy as well.

Horseshoes Finishing

The finishing of softball and the running off of track and golf this past week left only two sports to be completed before the intramural program ended. Horseshoes, (Continued on Page Five)

In Appreciation

Every once in a while something on the campus catches our interest and diverts it from our usual preoccupation with dates, Saturday night dances, picnics at the shelter, one-night stands at the Greeks, and the sundry extra-curricular activities which happen whenever boy meets girl. Our interest is carried above and beyond these absorbing campus activities and for a moment we live in the complex, interesting world beyond the narrow confines of our sleepy, brick-lined mausoleum.

One of the most exciting of these diversions is the Marshall-Wythe Seminar, which has been running along its quiet, effective way for a number of years now. Speakers at the Seminar have been of a remarkably high calibre, and have most always presented a vigorously interesting and informative lecture. The list of speakers has been made up of both head-liners and by-liners, but always they have known their material and have been key men in their field. The by-liners have included men engaged in unspectacular but important government work such as Major Frank R. Evans, Chairman of the Virginia Unemployment Compensation Commission; John J. Corson, Director of the Bureau of Old-Age and Survivor's Insurance, Federal Security Agency; Arthur S. Fleming, Member of the United States Civil Service Commission.

They have left their listeners with a clear conception of the government's work and often in the informal give and take of the question period have brought intimate information to light not generally found in factual text books.

The head-liners who have appeared this year have been people such as: Noel Sargent, Secretary of the National Association of Manufacturers; Madam Frances Perkins, United States Secretary of Labor; and speaking this week, Dr. George Gallup, Director of the American Institute of Public Opinion.

Last year, this list of speakers included Rexford Guy Tugwell, New Deal "Brain-truster"; Elmer F. Andrews, administrator of the Wages and Hours Act; Chairman Madden, head of the controversial National Labor Relations Board; and Thurman W. Arnold, U. S. "Trustbuster."

These names which sound like a roll call in the Hall of Fame, should make us all expand our chests and crow long enough to rouse everyone else on the campus to the honor conferred upon this college in having such men speak here. It should also be enough to make those negligent many, who for some reason or other have not attended the Seminars, flock to them in such numbers that the lectures will have to be held in the stadium. When football games run a close second in attendance to the Seminars, then we will feel that they have received

their full due. The Marshall-Wythe School is to be congratulated and special mention goes to Dr. Albion G. Taylor for his capable direction of the Seminars.

Water, Water

There is one drinking fountain on the campus of the college of William and Mary in Virginia. If you jump with all the weight of your thirsty body on the foot lever of this solitary fountain it sometimes gives forth a quenching dribble. We do not pretend to know the inside of difficulties of water fountain mechanism but the one set on the brick walk in front of the library is a cheat and a fraud. It only gives your thirst a whet, a rather discouraging whet.

We should like to recommend a water fountain item on the administration's next budget list. Some where among the annual appropriations for new footballs, professors' salaries and other incidentals there ought to be room for a few workable water fountains.

The time honored water cooler on the first floor of Marshall-Wythe is fine for all those on the first floor of Marshall-Wythe. The one or two marble drinking affairs scattered about the other college buildings dispense the warmest of water when stumbled upon by the thirsty student. It is a big campus, a hot sun, and a long time between "Cokes". There is water, water everywhere but not a drop fit to drink . . .

How About It?

This week a Dr. Samuel Harden Church receives our congratulations as America's dunce-of-the-hour. Dr. Church can move right up beside Alfred "War against the whole German peoples" Duff Copper as prize contender for a pair of slightly used jackass ears, our own gift to the most mentally undeveloped public figure of the month. Martin Dies had no competition in winning the April award.

Our basis for nominating Dr. Church to this select little group of famous morons now at large, is his million dollar "bring him back alive" offer for the capture of Adolph Hitler. Dr. Church has either been seeing too many movies or Ringling Brothers-Barnum and Bailey must have just moved into Pittsburg. In any case, the learned doctor and fifteen of his Smoke City cronies will pay one million dollars to Frank Buck or anyone else for the kidnapping of Der Fuhrer and his safe delivery to the League of Nations.

The League of Nations which now comprises the clubby twosome of England and France, (there still may be others left at Geneva), would then proceed to put Hitler on trial for the guilt of this World War Number Two. It would not be hard to guess the verdict such a blue ribbon jury would return on this trial. It would not be hard to guess Germany's reaction to such a verdict.

This, if we are to believe Dr. Church, would in some mysterious way lead to peace and happiness among all nations.

Dr. Church is connected with the Carnegie Institute which has in the past financed some really worthy projects and intelligent individual research on serious and pertinent subjects. It is difficult to understand the contribution to progress and civilization of this fantastic kidnapping nonsense. If Church and his rich friends have a million dollars and are not just bragging, there are domestic causes, even in Pittsburg, where such a sum could help fulfill the need of one third of a nation still ill-fed, ill-housed, and ill-clothed.

The attempts of people like Church and Duff-Cooper to personalize the war that the common folk of all lands do not want is the worst sort of propaganda because if unopposed it can influence public opinion and arouse hates which destroy all hope of intelligent action in times of national crises and emergencies. Such national crises and emergencies soon may be coming our way and our decisions must be made in all the calmness and clear thinking allowed a neutral country with a free press. The emotional has no place in our public thinking.

It is evident that Samuel Harden Church can not see beyond the smoke of the steel mills in his own city. He and his ilk are menaces to our neutrality. Though he is but a minor blot on the face of our democratic society it is difficult to be amused by such clownish acts as this Hitler reward.

The road to war like hell is paved with good intentions; the friendly neutral intentions of countries such as the U. S. A. Let us not forget that. Let us remember that twenty five years ago the Lusitania, a British ship, went down drowning a number of Americans and the Wilson promise of peace.

. . . as others see it

This week we found a little consolation for those behind the proverbial eight-ball—

We have heard of a man who invented a glass eight-ball for people who like to look ahead.

Another little bit to add to your pleasure, comes from the Va. Tech.—The most considerate nite club manager in the world is the fellow who put in a midget fan dancer for the benefit of the customers, under the table.

—DEATH TAKES A HOLIDAY—

My father fell upon the ice,
Because he could not stand;
He saw the Stars and Stripes,
We saw my Fatherland.

He has a physique like a Mexican.
Every time he wears a belt
His stomach goes south of the border.

—Missouri Shamrock

(Continued on page 5)

. . . overheard by HIS LORDSHIP

What's happened to Sam Hedgecock in the Dot Kemp league? Somebody was buying her sandwiches this weekend and it wasn't Sam!

Why doesn't the fellow at the University of Richmond who owns that fraternity pin that Jane Barham doesn't wear get a hunch. Or maybe it's none of our business.

Is Bob Hornsby really through with Glen Whitman? That's the story and it must have broken her heart to have to go all the way to Dartmouth this weekend to forget it.

Maybe Russel Rammond hasn't got a new girl, but he had a new date Sunday night—so what does that prove? Apparently he made George Blandford move over to the side for a while.

What the heck is this! Eleanor Taylor's Lennie Geyer with Louis Jones' Beverly Coleman at Blind Tom's last Sunday night. It looks like a rat (or Phi Tau) in the wood pile somewhere.

FLASH: Betty Wood, perched on a fence, outside Taliaferro Hall, yelling in no mean fashion: "Hurry up, Uncle Dan!"

Has anyone got forty cents to give to a worthy cause? Willy Marable ought to get a haircut or a taxi to drive.

COLLEGIANA

New York City—(ACP)—Campus polls conducted this week as an aftermath to the nationwide student peace action, reaffirmed youth's demand that America stay at peace.

At Columbia University, 88 per cent of 1,500 students voted opposition to war participation, 6.5 percent entry, and 4.7 percent were without opinion. Three per cent at Radcliffe College voted for America's participation in the war now and 97 per cent vetoed the suggestion.

An estimated 1,000,000 students in colleges and high schools demonstrated their position to American involvement in war in the peace action, called by the United Student Peace committee under the slogan "The Yanks Are Not Coming".

New Brunswick, N. J.—(ACP)—A refugee student in Rutgers University has declined membership in Alpha Zeta, national honorary agricultural fraternity, because it admits white students only.

He is Martin L. Cohnstaedt, enrolled in the college of agriculture. His father was a principal editor of the Frankfurter Zeitung before the Nazis took power in Germany.

"When I came to this country 30 months ago," Cohnstaedt said in a letter to the fraternity, "my

The European Yes-Man

What's Up

By Carl Muecke

ADOLPH HITLER

One fact that stands out in bold relief as we view the muddled scene of the present international situation, is the striking success of one man, Adolph Hitler. Whether you personally dislike Herr Hitler as I do, or whether you are a Nazi admirer, the facts must be faced. So far in both the domestic and international spheres he has astounded authorities at home and abroad and refuted the predictions of his critics. The Nazi regime has, far from being a short-lived government as predicted, apparently thrived and has grown to be one of the world's most centralized and best organized political units. The Nazi party has consolidated the foot-hold they gained in the coalition government in 1933 until today it controls every phase of the political and economic life of the Third Reich. Its leader Adolph Hitler, instead of becoming the puppet of Von Papen and Von Hindenburg, has become the sole head of an ever increasing state.

THE ARMY

Under Hitler's rule the army has been built into one of the world's best mechanized and swift striking military machines. Under his regime,

Field Marshall Goering has improved the air force until it is acknowledged to be the best of any single country in the world.

INTERNALLY

In the domestic field, Hitler has given the country a strong central government that apparently has the confidence of the people. In addition he has virtually eliminated unemployment, increased the wages and standard of living of the average worker, and has instituted a program of public works. Despite the predictions of our economists, according to whom the Hitler regime should have collapsed long ago, the Third Reich still survives as an economic unit and has been increasing its trade and production.

INTERNATIONALLY

Internationally, Hitler's success has been even more remarkable. Even if we dislike his methods and are unsympathetic with his policies, we must admit that they produce tangible results. From the Austrian "Anschluss" on, in the Sudetenland, in Czechoslovakia, in Poland, he completely out-manuevered the diplomats and military strategists who oppose him. In comparison to his diplomatic and military blitz-machines. Under his regime,

(Continued from page four)

William-and-Mary-Go-Round

We have always had a keen desire to see rowing as a sport at the college. For some reason to us that there is no sport that can compare with crew racing to build up competitive spirit and at the same time create good sportsmanship.

If you, have ever seen a smoothly driven shell cutting the water you will realize what we mean by saying it is a magnificent sight. Again, rowing is definitely a sport that inspires alumni interest, not at first perhaps, but after a few wins and better competition the backing would be there.

Here we have natural facilities that are difficult to surpass. The James river is but a few miles away and it would form an ideal body of water to practice on; whether a course could be laid out is debatable. At least we could have a small boat house on the shore to work out from.

Shells are expensive but we see no reason why, if enough men are interested, that the college could not buy or rent a few second hand shells for next year.

This is the type of sport that many men who do not go out for football or baseball etc, would enjoy working at. It is hard and tough and the men that remain after the initial training period could undoubtedly be developed into as good a crew as any.

By the way, Richmond has a crew. I'll guarantee that we could gather together men that can drive a war canoe faster than they can a shell. Imagine what we could do to them in our own boat.

Papoose Cindermen . .

LOVE

There's the wonderful love of a beautiful maid,
And the love of a staunch true man.
And the love of a body that's unafraid.
All have existed since time began.
But the most wonderful love, the love of loves,
Even greater than the love of a mother;
It's the tenderest, infinite, passionate love—
Of one damn drunk for another.

Could be Steve's—
Waiter, there's a fly in my soup.
Shh—all the customers will be wanting one.

Tie R-M . . .

(Continued From Page Three)

mate aboard, and drove in a total of five runs. Bill Burge, lanky first baseman also hit a homer in the fifth to account for two more Spider runs.

William and Mary scored five runs in the first two innings with their only other tally coming in the seventh. Jimmy Howard got the only extra base blow for the Tribe, a double. Butcher, after being in trouble for the first two innings, settled down for the remainder of the game and struck out ten Indian batsmen.

In the first game of the week, Pitchers Roy Merritt and Henry Pedigo went the full 17 inning route as the William and Mary and Randolph - Macon baseball teams battled to a 3 to 3 deadlock, called on account of darkness at Ashland, Tuesday.

Each hurler allowed eleven hits with Pedigo fanning nine to his opponent's eight; he issued four walks however, to Merritt's three.

Sills and Dennis Get 3 Hits

Dick Sills and Steve Dennis paced the Tribesmen's batting, each with a total of three hits in seven trips to the plate. Sills and Al Chesnut each hit two baggers, while Jimmy Howard, Ben Simpson, and Dennis were credited with triples. Ten errors marred the game, five being made by each team.

fending her title, won last year.

The final sport—canoeing—will finish up the year's intramural program, with the races held this Friday afternoon.

William and Mary co-ed archers will have the opportunity to participate in a National Telegraphic Archery Meet beginning May 11 and continuing up to and including May 18. Scores that may be included in the official shooting will be those from gym classes, those made on the afternoons of May 14 and 17, and others made by special arrangement with the gym department. All girls who are interested may secure full information at the Jefferson office.

THETA CHI DELTA BANQUET

Last Monday evening the William and Mary Chapter of Theta Chi Delta, National honorary chemistry fraternity, held its twelfth annual banquet in the Williamsburg Lodge. Student and Faculty members remarked on the success of the organization for the present school year. Senior members were bid farewell and in the absence of president A. L. Phillips, vice president, J. A. Johnson swore in the officers for the year 1940-41. They are as follows: President, David Camp; Vice-president, William Bishop; Corresponding Secretary, Richard Clive; Recording Secretary, Elliott Mitchell; Treasurer, Seymour Simmerman; Crucible Reporter, Huntington Curtis. Honorary member G. C. Barclay was the guest speaker.

came in an easy second. Sigma Pi, with 2 1-2 points ended up third followed by Phi Kappa Tau with 1 point. The Theta Deltas were the only other fraternity entered and they failed to score.

Two New Records

Running on a track made slow by rain Jim Hickey, Sigma Rho turned in the surprisingly fast time of 23 seconds flat for the 220 to break the old record of 24.5. Jim also tied the hundred yard mark of 10.5. Another record was broken by Gerald Ramsey, Sigma Rho, who galloped the 300 yard distance in 33.4 seconds to beat the old mark last year by 2 seconds.

The good times run and the close races were a proof of the fact that most of the boys were in very good condition. This fact is more or less a victory for the intramural department which has been trying to get the boys to put in a little bit of practice before each sport and thus make the sport more interesting for all.

The meet summaries:

100 Won by Jim Hickey, Sigma Rho; second Jack Ball, S. A. E. Time, 10.5.

220 Won by Jim Hickey, Sigma; Rho second Guy Mates, Sigma Rho Time: 23 1

300 Won by Gerald Ramsey, Sigma Rho; second Chuck Gondak, Sigma Rho Time 33.4.

High Jump, Won by John Torma, Sigma Rho; second Al Vandeweghe, Sigma Rho 5' 6".

Broad jump, Won by Jack Ball, S. A. E.; second John Torma Sigma Rho 19' 7".

S. A. E. second, John Koreyow-S. A. E. second John Koreyowski, Sigma Rho.

Shot Put Won by Vince Lusardi, S. A. E., second John Koreyowski, Sigma Rho.

880 relay: Won by Sigma Rho Hickey, Raschi, Moates, Ramsey; second S. A. E. (Blandford, Mariner, Lusardi, Hanley) Time: 1:40.6.

Varsity Track . . .

slaught on Bendetti, the Jeff pitcher who went the full route.

The game appeared to be a pitcher's battle as far along as the fifth inning with neither team scoring up to that point, but Pop Werner's men pushed across two runs in that frame. They scored three more in the seventh and one in the eighth to sew up the ball game.

A home run in the last half of the ninth inning by lucky pitcher Bob Templeton won his own ball game as the undefeated W. and Mary Freshmen took. T. J. in the first games of their series by 3 to 2 score on Friday.

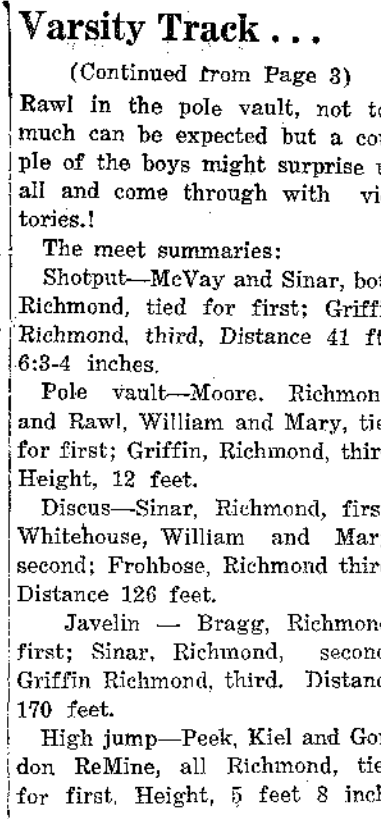

Templeton and Walter Delaney, who hurled for Teejay, each gave up seven hits while the Papoose righthander fanned three batters to Delaney's one.

Hooker Leads Attack

Lester Hooker, a former Thomas Jefferson diamond star, paced the freshmen's hitting attack with three singles in four trips to the plate. A single off the bat of H. Johnson sent Hooker across with the typing run in the eighth inning.

Th Papoose runs came in the last of the sixth, on an error, Hooker's score in the eighth, and

THE BARBIZON NEW YORK'S MOST EXCLUSIVE HOTEL RESIDENCE FOR YOUNG WOMEN

Home of College Clubs in New York

The Barbizon is the home of college clubs in New York. Why? Perhaps it's because the Barbizon offers so many more of the smart interesting things that appeal to college girls. Daily it presents a harmonious medley of cultural and physical activities... musicals... art lectures... dramatics... a fine library... swimming pool... sun deck... squash courts. Another reason why college girls prefer living in The Barbizon is its location... in the midst of New York's most fashionable residential section, yet convenient to important business centers, art galleries, museums, theatres and schools.

200 rooms, each with a radio. Tariff: from \$2.50 per day from \$12 per week

to stay. The Lambda Chi's 601 points give them a slight edge over Sigma Pi, in fourth place with 582, and they should be able to hold that edge.

Trophy Winners

The matter of trophies won finds Sigma Rho again the leader. To date they have won six—volleyball, boxing, canoeing, archery, track, and baseball. Phi Alpha has, this far, added five trophies to their collection. These

were won in basketball, wrestling, bowling, handball, and fencing. They also tied for the foulshooting award but lost it in play-off with the S. A. E's.

The other trophy winners to date are Phi Kappa Tau with swimming, gymnastics and ping pong. Lambda Chi Alpha with tennis, and Sigma Pi with football.

Individual Champ

In the matter of individual leadership, Bill Davis, Sigma Rho, seems a sure bet for the award. Bill has never 600 points to his

credit. His nearest rivals, Dick Kaufman, Phi Alpha, and Bert Rassmussen, Lambda Chi Alpha, have about 450 apiece.

The fraternity standings:

Team	Points
Sigma Rho	861
Phi Kappa Tau	719
Phi Alpha	668
Lambda Chi Alpha	601
Sigma Pi	582
Sigma Alpha Epsilon	501
Kappa Alpha	475
Theta Delta Chi	348
Pi Kappa Alpha	199

VIRGINIA ELECTRIC and POWER CO.

A scene from the vivid spectacle of prehistoric times "One Million Years B. C." which plays Friday at the Williamsburg Theatre.

this already famous series. A cartoon called "Ants in the Plants" is the opening short subject, and quite funny.

Calling Dr. Kildare... Calling Dr. Kildare!

On Thursday there will definitely be a doctor in the house. In fact several of them as the popular Dr. Kildare stories are resumed in the local filmery. This one is titled DR. KILDARE'S STRANGE CASE and it again features Lew Ayres, Lionel Barrymore, Laraine Day, Samuel Hinds and Nat Pendleton.

If you liked the other Kildare yarns you will go for this also. It has plenty of comedy, romance and suspense, all the elements to make any film engrossing. As an added treat a Pete Smith novelty—"The Domineering Male" gives good advice on how to avoid the leap year menace.

See yourself one million years ago!

ple heart-tugs, and which certainly should reestablish Eddie Cantor as a screen favorite.

"Chum", a grand baby, is introduced in this film and scores a solid success. In addition to swell performances by Eddie and Chum, there is a bevy of young pulchritude to delight the male customers. A super abundance of laughter, and a tear or two will delight the females. Rita Johnson, Judith Anderson, Bonita Granville and Ralph Morgan lend brilliant support.

The short subject for Saturday is a scream. Titled "Confederate Honey" it is a cartoon take-off on "Gone With The Wind". It is the tale of Crimson O'Hair and a wow!

It's just what the doctor ordered.

Monday and Tuesday's prescription is a sparkling comedy, crowded with funny situations and brittle dialogue, under the heading of "The Doctor Takes A Wife."

Coach Voyles Pushes Women's Intramural's To The "Very Hilt"

Broadcasts Over Nation - wide Hook - up

Coach "Superman" Voyles has announced over a nation-wide hook-up over WRVA late last night, that he intends to push Women's Intramurals to the very hilt."

Already scouts have been sent swarming all over the country in a mad, frantic endeavor to make this year's girls quota team an All-American combination.

Coach Steuassy, it is rumored, is letting his hair grow in braids and donning green rompers so that he can attend the annual girl scout jamboree incognito to look over the prospective material. "They wear so XXXZ(*)... many clothes", he was heard to say, "that I can't see their muscles ripple." "But I'll fight on for the Indians," and here his jaw hardened and his eyes narrowed to little slits, "I can't let them down, I just can't." And with that he threw himself on the ground, hysterically beating the turf.

"Superman" Voyles has announced that there will be a husband for every girl upon graduation. This, it was felt, would particularly attract the fast, shifty city girls needed for the basketball team. For statistics show an average of 1 1-2 women for every 3 3-4 men in crowded city areas. When asked what the 1-2 women would do, all Coach Voyles would say was, "We'll let them entertain the crowds in between the halves," and with he gave us a lecherous leer and laughed uproariously which unnerved us no end.

"Rube" McCray has been sent out to line up the farm girls who are expected to provide sturdy material for the baggammon squad. "Rube" is traveling as a Fuller Brush man, for as he says, "I have always admired the way traveling salesmen got around, and I am convinced that this guise will help me get around in more ways than one."

Chass "de Boss" Duke was heard to say that the college intends to ease out the boys in Monroe and Old Dominion Hall and turn these over to the girls. It was announced that the Fine Arts and Home Economics Courses would be discontinued, to help attract more girls. Eventually the college will be made a girl's school which will rival the best Eastern colleges. "De Boss" added that William and Mary is a "natural part of the Daisy Chain league" and as such must make a good showing in all fields of endeavor, contrarywise and on the other hand."

Fraternity Life Evils Exposed By Flat Hat

Horace McKulpest has soured on the world and especially on his fraternity. In an exclusive interview obtained last night by this your intrepid, gay, gay, young, reckless, Flat Hat reporter — Volly Optuous — Horace promised to shatter all traditions and expose what he declared was the "fraternity racket." In fact he went so far as to say "I spit on the whole business."

First he put your correspondent through paces of the grip, whistle, hop, skip and jump which he claimed all Xnays Astradbays Ogglesbay use when they

"SUPERMAN" VOYLES

LOCAL PROPRIETOR WINS PULITZER PRIZE! SAYS HE OWES IT ALL TO COLLEGE

It was announced here today that Robert (call me Bob) Wallace a well known local merchant had been awarded a special Pulitzer prize for outstanding and self-sacrificing service to mankind. The award the first of its kind in history was made by Runnymede Quince, special envoy from Sweden, who flew to Williamsburg in his tri-motor bomber. Mr. Quince regretted he could not stay longer in this charming southern town but business in Europe required his immediate attention.

Mr. Quince speaking on behalf of the Pulitzer award board said, "The fame of your beloved Bob Wallace has reached every capital of the world where his unusual and unparalleled service to this community and its inhabitants must stand as a model for all engaged in business enterprise." Mr. Quince explained that the award was made in hope that other merchants might be induced to

wish to acknowledge one another.

Horace to do this first lowered all the shades, threw water on the fire, covered up the canary cage, and shot his grandmother. "We always have to preserve strict secrecy," he added by way of explanation.

Next he crawled under the rug and made a noise like a rug-cutter. "Brrrxlzgx-zX" was somewhat the way the shrill cry went.

Horace then asked your gay, young, reckless, intrepid correspondent to extend her right hand, which she did. The next half hour was taken up with a series of intricate shufflings and complex manipulations of hand, arm, elbow and shoulder. The ceremony finally came to its conclusion with a ghastly piercing whistle and a shrill "Haracacrapst."

Solemnly Horace then drew out a little black book which was to reveal the final secrets of X. A. O. He slowly and carefully read: "In brotherhood there is brotherhood is a pigeon can to faith, hope, and charity. The word is law and the word is 'Rip-a-rack-rack—a-sacket, want some Sea-food Moma.'"

Repeating this phrase over and over seemed to throw Horace into a frenzy and suddenly with a horrible gleam in his bloodshot eyes and frothing gayly at the mouth Horace advanced slowly toward your intrepid correspondent extending the little black book with the dread secrets. In the next few seconds which seem hours he hoarsely whispered: "What's your phone number honey?"

IRON STOMACHS ARE INSTILLED

The Iron Stomach Club proudly announces the gala opening of its new super-deluxe rendezvous in the basement of the Sir Christopher Wren House, correction, Building. President elect Harrison Bird, who will be officially installed at Saturday's opening, extends a cordial invitation to all old and new members and expects a 90-proof turnout.

The subterranean lodge will be bedecked in the traditional fashion and the initiation ceremony will proceed the regular business of the meeting and will be conducted in the traditional fashion. "The goats" have been instructed to wear fairly old clothes and are to enter through the south tube. The ceremony proper consists of two rounds of prime juice followed by a lime coke. All pledges who survive the ordeal are slipped the Club grip, which is a special grip to hang on to the grass to keep from falling.

LOCAL PROPRIETOR WINS PULITZER PRIZE! SAYS HE OWES IT ALL TO COLLEGE

follow Mr. Wallace's example and thereby make the world a better place in which to live.

It was learned that Mr. Wallace who runs the local College Shop has for years been buying text books and other school supplies at market prices and then selling them to the Williamsburg students at far below the figure of their original cost. This unorthodox scheme of merchandising had business experts bewildered. It produced a major revolution in all business circles. Robert Wallace became known throughout the world's financial centers as "that man in Williamsburg". Wizard Wallace as he is known to his Wall Street friends disclaimed with true manly modesty any personal share in the glory his methods have brought to this Colonial City. Mr. Wallace clutching his special award merely said "It's nothing really, I owe it all to the college."

Richard Q. Finkelstein, Flat Hat Reporter, Captures Adolph Hitler; Receives \$1,000,000 Carnegie Award

"Iggy the Whip" Is Fifth Column Member

"Iggy" Is Alias For Well-Known Town Restaurateur

Fifth Column Plot Foiled in Williamsburg or Where there is Smoke there is Fire. The Blot

Stephen Sicalis long known to residents of Colonial Williamsburg and the students of this peaceful college town as the proprietor of a local restaurant was unmasked today by members of the F. B. I. as a sinister foreign agent of a well known major power. When questioned by the Flat Hat reporter J. Edgar Hoover, would say nothing except that this remarkable capture was due to information and help received from a fellow government worker, Martin Dies.

Sicalis it was revealed had been posing here for the past ten years as a Greek restaurant owner while foudly plotting the overthrow of this ancient capital, and planning the seizure of the fortifications at Yorktown. Many witnesses who had eaten at Sicalis' Colonial Restaurant testified to this astounding pose. One meal it was said was usually sufficient to — edbRsj?tolymownere convince the toughest stomach of this obvious deception.

Known in old Russia as Igor Stanavitch Sicalis or more simply familiarly among his Bolshevik intimates as "Iggy the Whip", Sicalis immigrated to this country many years ago. Disguised

as an undersized baboon he passed the immigration officials with Frank Buck and several assorted cages of African beasts.

Sicalis was born on the steppes, the steppes of old Russia. As a greedy little extrovert, he grew bored with the simple country life and his humble parents. One day Igor beat up his kind old mother and father with a garden spade and left for Moscow with the family's fifty roubles.

In Moscow Sicalis fell in with certain people who took his roubles and told him of their plans to overthrow America and the dirty burgeoise. Igor was part of the plans and so with full instructions for boring from within he caught the next boat.

After laying the foundations for his horrible coup de Williamsburg Sicalis was about to reap the fruit of his evil harvest when trapped by the federal agents. It is only now that Igor or Steve has learned that Williamsburg is nothing but Mr. Rockefeller's idea of the capital of this country. Someone, complained Steve had given him a bum steer. The Russian histories Sicalis read it has been admitted were rather dated, Sicalis had no comments for the press.

Murals Grace C. C. C. Walls; Work Done by Local Yokel

It has truly been said that merit, like virtue, hath its own reward. In recognition of the outstanding success of the murals at the Iron Bound Inn, better known as "Gus's", David Forer was commissioned by the Jamestown Camp of the Civilian Conservation Corps to decorate the interior of their new Recreation Hall.

This time the motif chosen for the new murals was more on the pastoral side. Mr. Forer, a city dweller from way back, languished in the country in order to get the true feeling of the spirit of nature. He has caught the rustic domesticity of the hills and dales in a series of three panels on the East Wall of the building. To reveal all about the panels would detract from the infinite pleasure we all experienced with surprise at the reality of the depictions. I will say, however,

Artist Forer

Leonardo DeForer the C. C. C. Krum Elbow Muralist.

that the one cow portrayed in delicate tones and gentle strokes is the epitome of cowdom.

The bright colors and freshness of nature have been boldly but deftly brought to the fore by Mr. Forer. The "hill-billy" garment, which is a fast-fading bit of good old Americanism, namely long red underwear, adds a nostalgic touch to the West Wall.

Mr. Forer was aided in this last work by the members of the camp, who filled in solid colors where the outline had been sketched. One of the figures in the

Will Endow Lavatory for College Library

It has come to us through a usually reliable source in Paris via Madrid, via London that it is rumored that Richard Q. Finkelstein — daring, intrepid, handsome, young, gay, reckless, adventurer, 'man of the world' and Flat Hat reporter — has performed the miracle which has left the civilized world gasping and the other half in a speechless quandry. He has captured Adolph Hitler!!

When last reached for a statement all "Finkie" would say was, "I always aim high." Mr. Church of the Carnegie Foundation has wired his congratulations and announced that naturally now "Finkie" would receive the \$1,000,000 reward.

When last reached for a statement all Mr. Church said, as he moaned weakly, was, "I wuz robbed; I didn't think anyone could do it."

Finkelstein announced that he has dispatched Adolph across the border into Switzerland to the League of Nations. The latest word from the League is that they are offering \$2,000,000 reward for anyone who will re-capture Hitler and take him away.

The League Secretary has wired a statement: "They can't do this to us. We had a swell poker game going and now they drag in this sharpie. Why doesn't the world leave us alone. We don't interfere with their private affairs."

Meanwhile in Germany the announcement has come that the real Hitler still remains in Germany and that the whole kidnapping is just a "Dirty Bolshevik, British, Capitalist, Jewish Catholic plot." "The whole thing is just a filthy lie, it is only Charlie Chaplin, that well-poisoner and political montebank."

Ex-Prime Minister Chamberlain was heard to remark: "Oh Goody! Now I can have another conference. What shall I give him this time? My shirt or just Ireland." Stanley Baldwin added, "Ripping, jolly and all that. Glad they caught the bloody boulder."

When last heard from, Finkelstein murmured that nothing was left for him in life but to win the Irish Sweepstakes. "Why shouldn't I", he voiced his indignation, "my father is a janitor and just as good a one as all the rest that won." And then good old Finkie was heard to say with a sigh — "But the FLAT HAT is my first loyalty. I am happy to present them with this exclusive scoop. And the College of William and Mary will receive part of my \$1,000,000 for an endowed lavatory for the library. Just think, the Richard Q. Finkelstein Memorial Lavatory. Yes", he added, "life can be rosy."

vast work was done solely by the men themselves in a style and mode compatible with the desired effect so aptly achieved by Mr. Forer.

The cleanliness and efficiency of the Jamestown Camp itself (just about Matoaka Park and worth visiting) is a tribute to American progress in civilized social activity, and the murals are a manifestation of the spirit of the inhabitants, and have become a part of them in the place they live.

A Rough Sketch of Flat Hat Staff

David Forer, the Flat Hat staff artist, submitted this sketch to give the college reader an idea of the inside workings of William and Mary's notorious weekly journal. Any resemblance to persons depicted while intended is purely accidental and Mr. Forer assumes no responsibility for characters drawn by his pen.

Genial Gus, W-M's No. 1 Jockey

In the evening by the pool light when the Jockeys gather down at Nardi's Lounge you can hear this theme song ringing, "Get a hunch, old buddy, get a hunch! Thank a lot of ole buddy, thank a lot!"

This is the Jockey talk that the college boys who ride the curb-

stone in front of Williamsburg's bus terminal banter back and forth among their happy selves. The college Jockey is a peculiar William and Mary offshoot of the general and more familiar American drugstore cowboy. Time hangs heavy on the Jockey's

hands and there is nothing one Jockey likes so much as the company of another Jockey. The Jockey is gregarious fellow and flourishes best in groups. The Jockeys here are watching Gus Twiddy aim one for the corner pocket.

able not merely in reading matter but rather more in the great traditions of their college which are set forth in these pages. Because this book should be of more than passing interest to all who have lived in Williamsburg and gone to the college it is sincerely recommended as a fine addition to a student's personal library or book collection. The quotations from the backjacket tell briefly of the scope and content of this Virginian historical study. We will only add that Dr. Farish has done a masterly piece of scholarship and made that scholarship very readable.

For the initial volume in a series which will record the history of Williamsburg, Virginia, in the eighteenth century and the origin, development, and expansion of the rich culture of which this city was the center, the Williamsburg Restoration Historical Studies offers a beautiful edition of the rare work The Present State of Virginia, and the College.

Written in 1697, just at the period when Williamsburg superseded Jamestown as the center of the political, social, economic, and religious life of the colony, the narrative gives a vivid first-hand impression of the civilization of the colony some ninety years after the first planting on the James.

This edition exemplifies the contribution in the field of historical scholarship which supplements that of the famed architectural restoration which each year draws thousands of visitors to this beautiful and historic center of colonial life.

The Present State of Virginia and the College was written by Henry Hartwell, James Blair, and Edward Chilton, three royal officials in the Old Dominion. It was prepared as a special report to the Board of Trade (which was eager to develop trade for the benefit of the mother country,) and was designed to influence for personal and party purposes the policies of the British nation.

Virginia's natural background and resources are described in the fascinating detail. The all-important role of the tobacco plant in molding the pattern of Virginia life and the unsuccessful efforts to impose an industrial economy upon that agricultural society are clearly reflected, as well as the irresponsible and extravagant system of land disposal and

the unsatisfactory monetary system. The complicated financial arrangements between the colony and the crown, the duties of the several colonial officials and

governing bodies, and other subjects are thoroughly discussed. An account of the founding of the College of William and Mary in Virginia completes the volume.

Sickalway's Turkish Restaurant

101% Amerikans

Smoked hams, cheese, waitresses, old hens, tables, dishes, patrons our specialty.

Let us ROAST you too!

Buy a mealy ticket (even our tickets have rickets). Seven days trial makes one weak.

Our soup is full of scrap (left-overs to you).

Free cigars with every \$1,000,000,000 Purchase.

If you're pleased tell your friends, if not tell us - we no spikka da Engleesh!

Sign of the EIGHT Ball

Make our place your rendezvous during examination week.

Special 7 plate cramming course.

Erasable celluloid cuffs - excellent for special notes.

Glasses with rear vision mirrors. Be friends with your neighbor.

Farish Book Tells Of Early College History

"The Present State of Virginia and the College" is a first volume of the Williamsburg Restoration Studies which should be of particular interest to William and Mary undergraduates and alumni. This beautifully printed volume of a little more than one hundred pages is edited by Dr. Hunter Dickinson Farish of the college. Dr. Farish is also director of the department of research and record of Colonial Williamsburg.

All William and Mary students should find this book invaluable.

College Women Prefer ... The Barbizon

College women accustomed to the refinements of living prefer living in The Barbizon Manner ... and understandably so, for at The Barbizon they can continue the cultural interests, the physical activities they most enjoy.

No other hotel offers so much. For relaxation ... daily recitals and lectures ... music and art studios ... a fine library. For recreation ... swimming pool ... gymnasium ... squash courts ... sun deck ... terraces. When you add to these, convenience to schools, important business centers, art galleries, museums and theatres, you understand why college women prefer living at The Barbizon.

700 rooms, each with a radio
Tariff: from \$2.50 per day
from \$12 per week
